**Site Name:** Former Oak Materials John Street  
**Site No. 442049 Tax Map No. 27.15-13-1**  
**Site Location:** 3 Lyman Street, Hoosick Falls, NY 12090

July 2017

### Inactive Hazardous Waste Disposal Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). The site identified above, and located on a map on the reverse side of this page, has been added to the Registry as a Class 2 site that presents a significant threat to public health and/or the environment for the following reason(s):

Trichloroethene (TCE) and 1,1,1 Trichloroethane (1,1,1-TCA) were detected in on-site soil, soil vapor, and groundwater at concentrations which exceed applicable standards, criteria, and guidance. Perfluorooctanoic acid (PFOA), a perfluoroalkyl substance (PFAS), was also detected in on-site groundwater at concentrations which exceed applicable standards, criteria, and guidance. NYSDOH has determined that contaminants on-site and migrating from the site represent a significant threat to public health. The available data confirms the disposal of chlorinated solvents and PFOA at the site.

DEC will keep you informed throughout the investigation and cleanup of the site.

**If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed below.**

#### FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

[www.dec.ny.gov/cfm/externalapps/derexternal/index.cfm?pageid=3](http://www.dec.ny.gov/cfm/externalapps/derexternal/index.cfm?pageid=3)

Comments and questions are always welcome and should be directed as follows:
